General (continued)**Objective**

Statutory objective of the organisation.
What does the organisation seek to achieve?

The objective of the Foundation is to help young people reach their fullest potential; to promote individual and general well-being; in particular by financially supporting projects and providing financial support to organisations for that purpose, and everything related to or conducive to this aim.

Outline of the policy plan

Please answer the questions below or provide an URL to the policy plan after the last question about the policy plan.
The online policy plan should at least provide answers to the questions about the policy plan asked here.

What are the institution's activities?
When are which activities to be carried out? And how do the activities contribute to achieving the institution's objective?

The Foundation supports organisations that stimulate the development of children and young people from socio-economically disadvantaged backgrounds. To this end, the Foundation develops its own vision on this issue and the most promising potential solutions, and selects the programs it deems most effective and efficient. It supports the organisations implementing these programs both financially and by utilizing its knowledge, experience, and network. In addition, the Foundation supports philanthropic initiatives through IMC staffed initiatives such as Make Your Mark program, effort matching and donation matching.

How does the organisation generate income or revenue?

The Foundation receives an annual contribution from IMC. This contribution depends on the results of IMC and is therefore variable in nature.
